

Terminkalender

» **Tierrechtskongress,
16.-19. September 2004,
Don Bosco-Haus (dbh),
St. Veit-Gasse 25, 1130 Wien.**

Die Tierrechtsbewegung der 70er Jahre hat auch in Österreich Fuß gefasst. Sie beschäftigt sich nicht nur mit Tierschutz, und Tierschutzgesetzen, sondern stellt die Grundannahme unseres Weltbildes in Frage: warum sollen Menschen wichtiger sein als nicht-menschliche Tiere? (Auskünfte und Anmeldung über www.tierrechtskongress.at).

» **34. Seminar über Versuchstiere
und Tierversuche,
14. Arbeitstagung über
„Verminderung von Belastung
im Tierversuch“,
Bundesinstitut für Risikobewertung,
Diedersdorfer Weg 1,
12254 Berlin-Marienfelde,
20.-21. September 2004.**

Veranstalter: Charité - Universitätsmedizin Berlin und Bundesinstitut für Risikobewertung. Anmeldung bis zum 30. August 2004 an Dr. Hans H. Hiller, Charité Universitätsmedizin Berlin, Campus Rudolf Virchow, Tierexp. Einrichtung, Augustenburger Platz 1, D-13353 Berlin (Tel. +49-30-450 576547 und +40-30-450 576032, Fax +49-30-450 576908).

» **12. Kongress über Alternativen
zu Tierversuchen - Linz 2004,
9. Jahrestagung der MEGAT -
Mittleuropäische Gesellschaft
für Alternativmethoden zu
Tierversuchen,
15.-17. Oktober 2004,
Universität A-Linz.**

Das vorläufige Programm des Kongresses ist auf Seite 139-141 in diesem Heft zu finden. Bitte besuchen Sie auch die Website von MEGAT: <http://www.zet.or.at/MEGAT/index.htm>.

» **International Workshop on
“Introduction of Efficient
Teaching Methods and Alternatives
to using Animals in Turkish**

**Higher Education”,
24.-25. September 2004,
Süleyman Demirel University
Congress Centre,
Isparta, Turkey.**

The workshop is intended to fulfil the following aims:

- to introduce and demonstrate alternatives for efficient learning and for replacing, reducing and refinement of animal use in higher education in Turkey
- to bring all the interested teachers and researchers together to discuss the opportunities for future collaboration
- to promote using the alternatives in practical classes
- to inform Turkish teachers about the availability of different types of alternatives

For further information please contact the workshop secretariat:

Abraham Onaran, Veterinary Medicine, Süleyman Demirel University, Agricultural Faculty, Dept. of Animal Science, Isparta-Turkey
(Tel: 0090246 211 14 28,
Fax: 0090246 237 16 93
e-mail: abrahamona2000@yahoo.com)

» **Advances in the Science and
Application of Animal Training.
The 13th Annual Conference
of the International Society for
Anthrozoology (ISAZ),
6th October 2004,
Glasgow, Scotland.**

With support and assistance from the Universities Federation for Animal Welfare (UK Registered Charity No. 207996) Satellite meeting to IAHAIO 2004 <http://www.glasgow2004ad.com/>. Details: The meeting will be held on 6th October at Scottish Exhibition and Conference Centre, Glasgow. The provisional layout for the meeting is as follows: Invited papers from keynote speakers, plus submitted abstracts from recent research studies addressing the following areas: The science of learning, including recent developments in learning theory - behaviour systems theory, mathematical principles of reinforcement, and holistic integration of biological and

psychological approaches to training. Advances and innovations in training and conditioning techniques (welfare based integration of positive and negative conditioning in training, shaping, jackpotting and clicker training). Applying advances in theory and technique to the practical training of animals, including companion, farm, zoo, aquaria, laboratory, shelter and assistance animals and those used in sporting events. The role of the carer/owner in successful training programmes. Welfare and ethical implications of training: use and abuse. The role of the trainer, clinical animal behaviourist. Registration: If you are interested in attending or contributing to the 2004 Glasgow conference and wish for further details and a full registration form, please contact
Dr Deborah Goodwin,
Lecturer in Applied Animal Behaviour, University of Southampton, School of Psychology, Animal Behaviour Programme, New College Campus, Southampton, SO17 1BG, UK.
